**Cancellation and refund policy:** All conference sales are final and non-refundable. We reserve the right to cancel the event upon refund of your attendance fees. You may transfer each pass at no cost to another person, provided that, if you resell the pass, you do not do so at a price higher than your original purchase price.

If paying by credit card, you understand and agree to pay all fees listed above in accordance with my cardholder's agreement. You further agree to the amounts above being charged in US Dollars (USD). Canadian customers, 6% GST will be added to your total.

## INSTRUCTIONS

Thank you for your interest in signing up for CodeWorks 09. This sheet contains important information for filling out your form.

### Choosing a City

Select which city you would like to purchase these tickets for. **Please only choose one city.** If you need to sign up groups for more than one event, please use a separate form for each city.

### Choosing a Conference Package

Each CW event is divided in two days:

- **Tutorial Day**
- **Main Conference Day**

Attendance to the tutorial day is optional, and carries an additional fee. Please consult our website (<http://cw.mtacon.com/signup/index>) for current fees.

### Discount Options

We offer a wide variety of discounts geared towards many different groups:

- **Alumni** are attendees of past php|architect or Python Magazine conferences.
- **Government** are employees of all levels of government worldwide, including extra-governmental organizations (e.g.: NATO, UN, etc.)
- **Academia** are members or employees of secondary and postsecondary institutions worldwide
- **Non-profit** are employees of organizations of proven non-profit status worldwide
- **Students** are part- or full-time of government-recognized secondary or post-secondary institutions worldwide
- **User Group** are members of a Linux/PHP/Python/MySQL usergroup anywhere in the world

### Qualifying for a Discount

Generally speaking, when an attendee's registration information provides obvious proof of membership in a group for which you are claiming a discount, we do not require any additional documentation. For example, if your e-mail address belongs to the domain of a school, a non-profit organization, and so on, we will not ask you for any additional proof of status.

In some cases, it may be necessary for us to ask for additional information before we can grant a discount. In such cases, we will contact you within seven days of receiving your attendee registration form and let you know **before** processing your sign up. Once you receive a confirmation of your signup from by either by fax or e-mail, your registration is accepted and no further documentation is required.

### Hotel Stays

Hotel stays cannot be booked through this form. If you require a hotel stay, please contact us for information on hotels near the venue of your particular CW event.

### Meal Preference

Vegetarian options are available for all meals. If you require different arrangements (e.g.: kosher or vegan), or have food allergies, please contact us at [atinfo@phparch.com](mailto:atinfo@phparch.com).

## Billing Information

Please provide your full billing address, as well as the name, phone number and e-mail address of the person making the purchase. This information will not be resold or used for marketing purposes—we will only use it to contact you for administrative or billing purposes.

## Payment Methods

We accept payments by cheque or credit card (VISA or MasterCard only). Please note that we cannot accept American Express in US funds.

If you are paying by cheque, please ensure that your cheque is drawn on a US or Canadian bank and made out in US dollars.

**Please ensure that you have confirmed the current pricing for the conference.** Cheques made out in the incorrect amount will be returned to the sender and the corresponding sign-up will not be completed. Please note that we will use rates in effect on the day when we receive your sign-up form. Therefore, we recommend that you complete your purchase as quickly as possible in order to guarantee your pricing.

If paying by credit card, please be advised that we will charge your card in US Dollars (USD). Your credit card institution will automatically convert the amount over to your local currency at the prevailing rate determined by them.
